

Your Most Reliable Eyewitness

**1080P
FULL HD
Recording**

Car Video Recorder | DrivePro™ 100

Day or night, the DrivePro 100 Car Video Recorder is your most reliable eyewitness on the road. With a built-in battery, DP100 gives you an extra 30 seconds of recording in case of power failure. The DP100's high-quality wide angle lenses can capture snapshots and clear Full HD footage for display on a bright 2.4" color LCD screen. Easy to operate, the DrivePro 100 includes the Auto Power On/Off feature and the free-to-download DrivePro PC Tool for Windows, allowing users to easily play the recorded videos on their computer.

Built-in
Li-Polymer battery
to ensure non-stop recording

**Large F/1.8 aperture for
low light conditions**

**Handy snapshot to take photos
while recording**

- 130° viewing angle gives an extra wide perspective of on-road events
- 6 glass lenses for ultra sharp images
- Motion G-Sensor to detect impact and protect current recording
- Bright 2.4-inch color LCD screen for live view and video playback
- DrivePro PC Tool for Windows to easily select and play videos recorded on DP100

DrivePro™ 100
